THE THIRD ANNUAL REPORT

RELATING TO THE YEAR ENDED DECEMBER 31st, 1941

The Board have pleasure in presenting their 3rd Annual Report relating to the year ended December 31st, 1941.

In view of the great need for economy in the use of paper and labour, the Report has been very considerably curtailed and only the Report of the Board, the Balance Sheet and Statement of Income and Expenditure have been printed in limited quantities. They are available for Subscribers who particularly desire to have a copy.

Patients.

In their previous Report, the Board referred to arrangements which had been made in conjunction with the Ministry of Health for the reception of patients in the event of air raids. The E.M.S. Hospitals which were established as part of these arrangements, have proved very satisfactory.

Many patients have been transferred or admitted direct to one or other of these Emergency Hospitals so that there would always be beds available at the Bristol Royal Infirmary and the Bristol General Hospital for the immediate reception of a large number of patients, should the need arise. As a result, the average number of beds occupied at both these Institutions was considerably less than in the previous year and amounted to 348·77.

The number of beds kept ready for immediate use was approximately 350 and as they had to be maintained fully equipped in every respect, overhead expenses were very heavy and had to be borne by the occupied beds. In consequence, the average cost per bed occupied was increased very considerably and amounted to £338 2s. 1d. including a portion of the interest charged on Bank Overdraft. The average cost of each Out-patient was 10s. 2·4d.

There were reductions in the numbers of casualties and out-patients of 7,135 and 5,479 respectively. Possibly these were due to so many people having joined one or other of the Services. Whatever the cause, this reduc-

tion in numbers has been very opportune as so many members of the Medical Staff have been called up to serve with one of H.M. Services.

Joint Radiological Department.

There has been an increase in the work of the Joint Radiological Department and additional beds have had to be provided for patients requiring indoor treatment. The School for Radiographers which was instituted in the previous year has worked very satisfactorily and the examination results were good, 66 per cent of the entrants being successful in passing.

Massage and Physio Therapeutic Department.

The number of treatments given in the Massage and Physio Therapeutic Department also showed an increase. The use made of this department increases each year. The examination results in the School attached to this department were highly satisfactory.

Nurses.

The training of Nurses has been carried on as usual. The number accepted during the year for training was 54. These Probationers spent eight weeks at the Preliminary Training School before commencing their training in the Wards. The number of nurses who passed the State Examination was 74.

At the request of the Ministry of Health, many Auxiliary Nurses have also received a short course of training.

Income and Expenditure.

The Ordinary Income was £151,198 6s. 6d. and the Ordinary Expenditure £152,113 0s. 0d., showing a deficit of £914 13s. 6d.

The Extraordinary Income amounted to £13,042 10s. 6d., and the Extraordinary Expenditure to £9,950 16s. 5d., giving a surplus of £3,091 14s. 1d., so that the net surplus for the year was £2,177 0s. 7d. Furthermore, certain items of extraordinary expenditure were due to air-raid precautions or air-raid damage and to a large extent are recoverable.

Bristol Hospitals Fund.

The Bristol Hospitals Fund has again had a most successful year. Its Income continues to increase and both directly and indirectly the Fund has been the means of helping the local Voluntary Hospitals very considerably.

There are a number of people whose income is such that whilst it precludes them from obtaining the usual Hospital privileges, it is not sufficient to enable them to pay private ward fees. An Intermediate Contributory Scheme, with a weekly subscription of 6d., has been introduced to meet this difficulty.

Full particulars may be had on application to the Secretary of the Bristol Hospitals Fund at Royal London House, Queen Charlotte Street, Bristol, 1.

Air-Raid Damage.

A large portion of the damage caused by air raids to the B.R.I. and B.G.H. has been repaired and the work at both Institutions has been carried on without serious interruption. The more permanent repairs will not be dealt with until after the War.

Statistics relating to the year's work at the two Institutions appear at the end of this Report.

Legacies.

Each year considerable sums are received from Legacies and without their help the work of the Bristol Royal Hospital could not be carried on to the same extent as at present. During the year under review £14,063 5s. 6d. in cash and investments was received from this source.

Details of these legacies are as follows :—

	£	s.	d.
Mrs. E. M. Rowcroft, The Rosery, Clifton	2,000	0	0

Obituary.

It is with great regret that the Board have to record the death of Dr. W. H. C. Newnham, Mr. R. H. Warren, Mrs. W. J. Pinniger and the Revd. Canon H. S. S. Clarke.

Dr. Newnham was appointed House Physician in 1885, Honorary Assistant Physician Accoucheur in 1890 and Honorary Physician Accoucheur in 1897, which appointment he held until 1923 when he was appointed to the Honorary Consulting Staff. During his long connection of 38 years with the Bristol General Hospital, Dr. Newnham rendered most valuable services.

Mr. Robert Hall Warren was a member of the Hospital Committee for 15 years and also acted as Honorary Auditor. He took a very active interest in the affairs of the Hospital.

Mrs. Pinniger was a most useful member of the Ladies' Needlework Guild and took such an active interest in the work that for 21 years she held the office of Honorary Secretary of the Guild.

Canon Clarke was Chaplain to the Bristol Royal Infirmary for 14 years but unfortunately ill-health precluded him, during the past year, from taking as active a part in the duties as he would have wished to do.

Thanks.

The Board wish to take advantage of this opportunity to tender their very sincere thanks to all who have helped the Bristol Royal Hospital by subscriptions, donations, gifts in kind, etc., and so made it possible for the great work being done to be carried on in its present high state of efficiency. Although lists of subscriptions, etc., are not being published, they can be seen by any subscriber in the Secretary's Office at either the Bristol Royal Infirmary or Bristol General Hospital.

Gifts.

Many valuable gifts of surgical instruments, towels, clothing, etc., have been received from Bundles for Britain, Inc., U.S.A., The Maple Leaf Fund, Canada, the British Red Cross Society and Order of St. John, etc., and the Board wish to thank very sincerely the Committees and members of these various associations.

Ladies' Needlework Guilds.

The Ladies' Needlework Guilds have again helped as in previous years in the provision of linen and other articles. The necessity for the provision of coupons for certain items has somewhat curtailed their efforts but they have collected considerable sums of money to pay for various goods and have devoted much time in helping to make and repair goods. The Board wish to tender their sincere thanks to the members of the Guilds.

Honorary Medical Staff.

The Board wish to thank the members of the Honorary Medical Staff for their valuable services. The call on these services have been many but all have been met with a willing and ready response. Many of the members are serving in one of H.M. Services and those who remain are also serving but in an indirect way.

It is with great regret that the Board have to record the resignation through ill-health of Dr. G. Bush who held the office of Honorary Radiologist. Dr. Bush had been a member of the Honorary Medical Staff for 15 years and during that period rendered most valuable assistance.

Nursing and Other Staffs.

Thanks are also due to the members of the Nursing and other Staffs who have rendered very great service in their respective spheres. Here again very many of them are now serving with one or other of the Services. This has resulted in a reduction of personnel in some departments but those who remain have done and are doing their utmost to prevent the work of the Institution being hampered on this account.

Conclusion.

The Board wish to record their pleasure at the honour conferred on Miss A. C. Robins, the Matron of the Bristol General Hospital. During the year under review Miss Robins was awarded the O.B.E. for her outstanding example of fortitude and courage during the air raids when the Hospital was so severely damaged.

NOT.—The approximate market value of the above investments at 31st December, 1941, is £621,789 9s. 3d.

There is a contingent liability in respect of uncalled capital on shares held by the Hospital amounting to £100.

IV. Land, Buildings and Equipment of the Hospitals—

At cost, less amounts written off 1 0 0

Note :—Full provision has not been made in respect of damage to Property and Equipment. Net Expenditure on A.R.P., and Expenditure on repairs have been written off under Extraordinary Expenditure. It is anticipated that a substantial portion of this expense will be refunded by the Government.

We have examined the Balance Sheet of the Bristol Royal Hospital, dated the 31st December, 1941, as above set forth, with the books, accounts and vouchers of the Hospital, and certify the same to be properly drawn up in accordance therewith.

The Securities representing the Investments and Properties have been produced or certified to us.

Bristol.

HOW YOU CAN HELP

By becoming an Annual Subscriber.

By obtaining new Subscribers.

By signing a Deed of Covenant which will double the amount of your subscription without any expense to yourself.

By sending a donation on the anniversary of a memorable event in your life.

By naming a Bed or Cot in perpetuity by a gift of £1,500 or £750 respectively

By becoming a member of the Needlework Guild at the Bristol Royal Infirmary or Bristol General Hospital.

By sending gifts of fruit, vegetables, eggs, etc.

By remembering the Bristol Royal Hospital in your Will.

By speaking well of the Bristol Royal Hospital to your friends.

By encouraging your employees to become members of the Bristol Hospitals Fund.

By passing on this Report, when you have read it, to someone else.
